

CALENDARS & PROMOTIONAL PRODUCTS

Dear valued client,

Due to a change from our suppliers we are no longer in a position to offer special postage/courier rates to you as we have done in previous years. We know that these special offers have assisted you significantly in the past with the distribution of your calendars, and where possible we would still like to assist you in this process as much as we can.

We can therefore offer the following:

1) **New mail merge option - Let us take care of the distribution for you.**

Supply your complete distribution database to us (using our pre-defined template), and we can distribute the calendars on your behalf directly to your clients; the cost would be added to your easy2C invoice to keep things straightforward for you. If you would like a quote for this service, please ask us for the template so that you can send us your database.

2) **Open an account directly with NZ Post and/or Post Haste.**

If you would like to open your own account with either NZ Post or Post Haste to purchase your own courier tickets, please contact:

NZ Post - 0800 501 501 or go to <https://www.nzpost.co.nz/business/business-self-service>
or email Elliot: Elliot.Craig@nzpost.co.nz

Post Haste - 0800 106 828 or go to https://www.posthaste.co.nz/contact_us.html
or email Daniella: daniella.aumua@castleparcels.co.nz

We can still provide guidance to you as to which courier tickets are best suited to the calendar product/s you have ordered. Please refer to the following pages for this information.

We trust that one of the options above will be appropriate to assist you with the distribution of your calendars this year. If you would like to find out more about either of the options above, please contact our friendly client services team by email — enquiries@easy2c.co.nz — or phone 0800 225 363.

Kind Regards,

A handwritten signature in blue ink, appearing to read 'PG'.
